

U.S. SUGAR POLICY SUPPORTS AFFORDABLE SUGAR PRICES

» Sugar prices account for **only a small share** of the cost of sugar-sweetened products:

\$0.05

Dozen blueberry muffins

\$0.01

Gelatin

It's getting harder to make a living in sugar. Production costs keep going up, but sugar prices have barely budged in decades. Hawaii recently stopped growing sugar because of this economic squeeze, and I fear Texas won't be far behind if U.S. sugar policy is weakened. ”
