TONS OF SUGARBEETS*
1,097,700

TONS OF RAW CANE SUGAR PROCESSED
800,000

FUN FACT

California is the only state that is home to both beet and cane sugar production.

"Farmers may be a very small percentage of the people in this country, but we feed the nation and the world. By taking away a program designed to help them compete on a level playing field, you risk everything. And if you lose the American farmer, then you've lost it all."

Von Medearis
Sugarbeet Farmer, Brawley, California
