PRODUCING SUGAR SUSTAINABLY

Our employees are an integral part of the American sugar industry. Sugar companies pay fair wages and offer good benefits, providing opportunities in communities where jobs can otherwise be limited.

FUN FACT

The Red River Valley is home to the world's most efficient beet sugar producers.

"My son is already farming alongside my dad and me as the fifth generation. I want to be able to leave him a strong and sustainable farming operation. **U.S. sugar policy isn't some unnecessary government giveaway - it's a critical part of keeping family farms in business.**"

- Brent Baldwin, Sugarbeet Farmer, St. Thomas, North Dakota
